Time of blessings

It has been a difficult year for all of us, this is our way to give back and encourage all of you that nothing we go through is in vain. Our family suffered a tragedy on September 12, 2010 and our organization was founded on the truth found in Romans 5:3-4" Not only that, but we rejoice in our sufferings, knowing that suffering produces endurance, and endurance produces character, and character produces hope."

ALL Things Become New

The mission of our organization is:

1. To help educate others about the needs of those with traumatic brain injuries.
2. To provide education and support through local support groups & conferences in Aroostook County for individuals and families affected by TBI.
3. Our long term goal is to purchase a home in Portland, ME where we can provide a free housing resource for Acquired and Traumatic Brain Injury survivors and their families during rehab.
